Latin-American Situation Is Serious

Marie Is To Leave For Home At Once Due To King's Illness

FERDINAND IS SERIOUSLY ILL LEGATION AVERS

Tour is to Finish at Louisville, Queen Announces After Word Received

CONFLICTING REPORTS MUDDLE PLANS BADLY

First Ship Available in New York Will be Used, State-ment Issued

LOUISVILLE, Ky., Nov. 18. (AP)—Queen Marie of Roumania virtually concluded her American tour here tonight and made ready for a quick return to New York, where she will sail for home on the first ship available.

Distressed by private advices from Bucharest concerning the condition of King Ferdinand, she summoned members of her suite and her American advisers today and directed she be taken as soon as possible to the bedside of her husband.

Dispatches from abroad describe the king's malady as inflammation of the lower intestines and as cancer.

Legation Makes Statement

WASHINGTON, Nov. 18. (AP)—The Roumanian legation announced tonight on behalf of Queen Marie that due to anxiety over the health of King Ferdinand, the queen deemed it proper to cancel the remainder of her American tour and proceed home at the earliest possible moment.

Earlier in the day, but several hours before cancellation of the tour, it was announced that the queen had up-to-date information that there had been no change in plans and that at that time were still issuing invitations based on expectation that Marie would be here on November 24, 25, and 26.

PROBE DEATH OF FAMILY OF FIVE

Wellesley College Professor, Wife and Four Children Believed Poisoned

NEWTON, Mass., Nov. 18. (AP)—State and local health officials today were investigating the circumstances surrounding poisoning of Professor Alfred Henry Meyer of Wellesley college, Mrs. Meyer and three children at breakfast yesterday.

Antoinette, 16, became ill in school. A teacher telephoned Mrs. Meyer. The mother drove to the building but herself was taken ill and with difficulty succeeded in driving home with the girl. There she found Vanele, 9, had left school when he became unwell and another child, two years old, had similar symptoms.

Prof. Meyer became ill in Boston. He learned of his family's predicament as he telephoned home to ask that a car be sent for him.

Two physicians who worked over the five said today they were probably out of danger.

POOR PA BY CLAUDE CALLAN

"Ma don't like for me to tell a thing that happened before she met me because she can't correct me on it."

THE WEATHER

East Texas: Friday, fair, warmer. Saturday, increasing cloudiness, colder in the north-west portion. Light to fresh southerly winds on the coast.

West Texas: Friday, increasing cloudiness, warmer in the east portion. Saturday, partly cloudy to clouds; rain or snow in the panhandle, colder in the north portion.

Democrats to Prepare For Smashing Tax Cut As Basic Plan is Agreed

WASHINGTON, Nov. 18. (AP)—Evidence that the Democrats are getting ready for a smashing tax reduction fight at the approaching short session of congress was given today when the ranking Democrat of the senate and house committees which shape tax bills agreed on a basic plan of action.

Out of a meeting between senator Simmons of the senate finance committee, and representative John Garner of the House Ways and Means committee, came a concrete proposal for a permanent tax reduction of \$225,000,000.

It would curtail the corporation income tax from 13.5 per cent to 11 per cent or even less; would wipe out the excise taxes, and perhaps slightly modify the tobacco tax; and would lower the surtax on incomes between \$20,000 and \$50,000.

G. O. P. Holds Out Branch

WASHINGTON, Nov. 18. (AP)—Republican leaders in the Senate are ready to hold out the Olive Branch to Lynn J. Frazier of North Dakota, the sole survivor of the group of four senators they read out of the party in the first flush of success at the polls in 1924.

BAPTISTS URGE MOODY TO AVOID INAUGURAL BALL

Sparks Fly in Heated Convention Debate: Resolution is Adopted

SAN ANTONIO, Nov. 18. (AP)—Sparks flew for a moment in the Baptist General Convention for Texas here Thursday as the messengers argued whether or not Dan Moody, governor-elect, should dance his way into office. The debate covered the whole field of dancing but finally resulted in passing of resolutions asking Mr. Moody who is one of the most prominent members of the church, to avoid an inaugural ball.

Rev. W. H. Winn, pastor of the Forest Avenue Baptist church of Dallas, touched off fireworks after introduction of the resolution. Dr. George Green, pastor of the First Baptist church of Austin, was howled down as he spoke against adoption of the resolution.

Delegates to the convention which got under way here Wednesday with the election of officers faced a schedule which included little but church business Thursday.

A song service, devotional services at the opening of each session and a banquet and parade furnished the only breaks in a program which called for four important reports—those of the relief annuity board, the Buckner Orphan Home, Hospital organizations and home missions.

As the dirt was taken from the hole it was carefully placed in sacks and hidden in the brush, he continued.

Court recessed for noon before Martinez in his chronological story, had reached the night of the murder and the portion of his testimony which is expected to be the most sensational, since he has told attorneys that he was an eye witness at Ramsey's death.

ENGLAND NOTES BORAH'S SPEECH

Lord Balfour Comments on Warning Against Ruthless Attitude Toward China

LONDON, Nov. 18. (AP)—Press reports of Senator Borah's speech of Tuesday night, warning the powers against the adoption of any imperialistic or ruthless attitude toward China, have been studied by the foreign office with the usual seriousness given to the utterances of the chairman of the senate foreign relations committee.

The opinion is that, while Mr. Borah's language is perhaps more forceful than that used by Lord Balfour in behalf of the British government in the house of lords on November 10, his attitude toward the Chinese problem is fundamentally the same. Lord Balfour said:

"The policy of Great Britain has been uniformly in the direction of removing every legitimate grievance of which China could complain, and in doing our best to meet every legitimate demand which Chinese patriots might reasonably make."

Killed by Fall

POPULAR BLUFF, Mo., Nov. 18. (AP)—S. J. Riley, aged 32 of Popular Bluff, known as one of the youngest bridge engineers and engineer of the longest draw-bridge construction job in the south, at Greenville, Miss., was fatally injured last night when he fell from a bridge at Columbus, Miss. It was learned here this morning.

Roumanian ruler, the visit of whose wife, Queen Marie, has attracted America as very few events have done. Marie has announced her intention of returning home soon.

HOW ROUMANIA REGARDS TRIP TO U. S. TOLD

Queen Was Not Ordered Home but Was Told to Watch Step

(EDITOR'S NOTE—Here is the first uncensored, detailed dispatch outlining conditions in Roumania since Queen Marie sailed to America. When conflicting reports from Central European capitals began to flood the cables, NEA Service sent John Graudenz to Bucharest.)

BY JOHN GRAUDENZ
NEA Service Special Correspondent

BUCHAREST, Nov. 18.—Queen Marie of Roumania was not ordered home by her government, but she was called peremptorily to watch her step during her American tour.

Marie stepped off the reservation in discussing the future of her son Prince Carol, the government felt so it sent her word, in effect, to "pipe down."

This explains the cable reports that King Ferdinand had recalled his spouse.

For many years, the faction in power, headed by former Premier Bratianu, had opposed the queen's long-planned trip. According to the Roumanian constitution, "the king dominates, but does not rule."

When the cabinet finally relented, (Continued on Page Two)

KING BEN AGAIN IS UNDER ARREST

House of David Ruler Released Under Heavy Bond for Fourth Time

BENTON HARBOR, Mich., Nov. 18. (AP)—Weakened by illness, after his fourth arrest within two days, "king" Benjamin Funnell rested tonight at Shiloh while the state of Michigan kept surveillance on the movements in the colony of the House of David.

Funnell was carried to court late today on a stretcher by six of his aides for arraignment on a charge of statutory assault, brought by a former woman member of the cult. He furnished \$5,000 bond and was returned in an ambulance to lead new totals \$125,000. Shiloh. Bond for the captive.

SIXTH APPEAL COURT OVERRULES TWO MOTIONS

TENASKANA, Nov. 18. (AP)—Proceedings in the sixth district court of civil appeals here today included overruling of the motion in the case of C. C. Dunn et al vs the Lamar county Love Improvement district No. 1.

The motion in the case of A. W. Skaer vs First National Bank of Paris was also overruled.

Missionary Given Term

TOKYO, Nov. 18. (AP)—The Korean supreme court has approved the sentencing of Dr. C. A. Hazen, Seventh Day Adventist medical missionary from Minnesota, for having branded the cheeks of a Korean boy with the word "thief" burned with acid, says a dispatch from Seoul. The sentence of the lower court, which was sustained, ordered Hazen imprisoned three months, but suspended the sentence two years.

PIG WOMAN ON DEATHBED SAYS TRUTH IS TOLD

'I Told Truth, So Help Me God, and You Know it' She Screams

AVERS SHE SAW MRS. HALL AND BROTHERS IN LANE

Dramatic Testimony Given by Star Witness in Hall-Mills Murder Trial

SOMERVILLE, N. J., Nov. 18. (AP)—Brought into court on a hospital bed after a thirty-mile trip in an ambulance, Mrs. Jane Gibson, seriously ill for the past two weeks, testified at the Hall-Mills trial for three hours and at the end of her testimony, partly raised herself and screamed, "I told the truth, so help me God, and you know it," with a wave of her hand toward the three defendants.

The three on trial for murder remained untroubled as the now famous raiser of pigs testified she had seen Mrs. Frances Stevens Hall and her brother, Henry and Willie Stevens at and near the place where the bodies of Rev. Edward Wheeler Hall and Mrs. Eleanor Mills were found on the night they were slain, more than four years ago.

From her bed, Mrs. Gibson said she saw Mrs. Hall and Willie Stevens standing in front of an automobile at the entrance of Dr. Ramsey's lane, near New Brunswick, before she heard shots fired later, observed Mrs. Hall kneeling near the place where the witness said she had heard voices uttering oaths.

Testifies Three Hours

COURT HOUSE SOMERVILLE, N. J., Nov. 18. (AP)—Mrs. Jane Gibson, star witness for the state in the Hall-Mills murder trial, finished her testimony at 3:25 o'clock this afternoon after being in the court room three hours.

The jury was brought in at 11:20 and court opened at 11:35.

The state produces the witness Jane Gibson and asks to have her sworn, prosecutor Simpson announced. A Bible was carried to her and the covers drawn back so that she might touch it.

"Do you solemnly swear," began the court attendant, and Mrs. Gibson replied, "I do," very feebly.

"Jane Gibson," the court cried announced.

"Jane Easton," Simpson corrected.

"Where were you on the night of September 14, 1922," Simpson asked.

"At home," she replied.

Mrs. Gibson told how she had been robbed of corn and when she heard her dog barking the night of September 14, 1922, she went outside her house. She then heard a wagon stop in the middle of her corn field, she said, and suspected it as being the wagon of the thieves.

Fatal Shooting Affray Causes Arrest of Two

NEW ORLEANS, Nov. 18. (AP)—Two men were held in the Arabi jail in St. Bernard parish today on murder charges growing out of the killing of Deputy Sheriff Sam Gowan and the wounding of ten others in a gun fight at De La Croix Island Tuesday between trappers and guards of trapping lands.

RAIN HOLDS UP RESCUE OF IMPRISONED MINERS

HAZELTON, Pa., Nov. 18. (AP)—Rain which swept the Hazeltown region tonight somewhat retarded the work of rescue crews searching for six men entombed Tuesday afternoon behind a rush of water in the Tumblerken mine. Nearly all hope of finding any of the men alive has been abandoned. It was feared the rain would fill up the shaft faster than the emergency pumps could remove the water. A vast amount of debris checks the work of the rescuers.

Boatload Queen Taken

MIAMI, Fla., Nov. 18. (AP)—Ruth Adelle Smith, 25, alias Patricia Henderson, alleged "boatload queen" of the Pacific coast, was taken into custody here today by police who claim she has been a fugitive from justice since November 1924. She formerly lived in San Francisco.

Royal Wedding Procession

Through streets lined with soldiers, sailors and throngs of his subjects, King Gustaf of Sweden, with Albert, King of the Belgians (in barouche), led the wedding procession to the Royal Palace in Stockholm for the civil marriage of

Princess Astrid, King Gustaf's niece, and Crown Prince Leopold of Belgium. After the ceremony the young couple sailed on separate men-o-war for Brussels where the union was completed with religious services six days later.

Full Pardon Is Granted To William L. Crawford, Convicted of Slaying

AUSTIN, Nov. 18. (AP)—Governor Miriam A. Ferguson Thursday granted a full pardon to William Lester Crawford of Dallas, who was under sentence of five years from Dallas county for manslaughter in connection with the killing of Paul O'Day.

Crawford and O'Day were prominent young attorneys, and the killing and trial attracted wide notice. Some time ago the Court of Criminal Appeals here affirmed Crawford's sentence, and Wednesday his attorney, Bob Allen, told

the court his client had withdrawn his motion for rehearing.

"O'Day was killed in September, 1924, the slaying resulting from a brief drawn by O'Day, who was representing parties seeking to break the will of Crawford's father."

Gives Reasons for Act

The governor gave the following reasons for granting the pardon: "William Lester Crawford, convicted in cause number 7532 in the criminal district court number two of Dallas county, Texas, of manslaughter and given a sentence of from two to five years, is given a full pardon because the deceased, Paul M. O'Day used the testimony of an irresponsible negro as a basis upon which he made the charge in a printed brief which he, the deceased, knew would be published in the public records of the courts as well as in the newspapers that the mother of the defendant, Lester Crawford, was lacking in virtue before her marriage to the defendant's father, and the charge in said brief went further and in effect stated that defendant's mother had lived in adultery for a period of time, before her marriage to the defendant's father."

"Mean Ready for Killing"

"When men make charges of this kind, here in the south, they mean that they are ready to kill or to be killed, and no one is surprised when that result follows."

"Lester Crawford is the worthy son of a fighting Confederate colonel. His mother is a Southern lady to the manner born. If there was a killing, O'Day, the defendant, invited it and started the trouble."

Refused Testimony

The court refused to let a prominent lady testify to what she heard O'Day say just before the killing, and said lady, Mrs. Homer L. Fry of Dallas, says now in her affidavit that she heard O'Day say: "Yes, I can prove," and Crawford says that O'Day said when he asked O'Day if he intended to question the chastity of his mother that O'Day said, "yes, and I can prove what I say."

To Strengthen Credit Agencies

WASHINGTON, Nov. 18. (AP)—Secretary Mellon is considering asking congress for legislation to strengthen the control of federal authorities over the joint stock land banks and other agricultural credit agencies.

The government is not satisfied with the administration of the land-banks and the department of justice is conducting an investigation at St. Paul and in some other cities.

Several proposals for legislation have been laid before Mr. Mellon but he has reached no decision, the forenoon.

MEXICO IS SAID TO BE IN STATE OF NEAR REVOLT

De la Huerta Claims Huge Army is Ready for His Leadership

WASHINGTON IS SILENT OVER ITS INTENTIONS

Open War Flares in Small South American Countries After Invasion

LOS ANGELES, Nov. 18. (AP)—More than 20,000 men are in arms in various states of Mexico in a federal rebellion movement against the Calles regime, Adolph de la Huerta, former provisional president of Mexico, announced here today. Leaders of every unit with the exception of one have proclaimed de la Huerta their leader, he said.

Washington is Skeptical

WASHINGTON, Nov. 18. (AP)—Informed officials here took a highly skeptical view tonight of Adolph de la Huerta's announcement in Los Angeles that more than 20,000 men are in revolt against the Calles government and had declared their non-alignment.

Official advices from Mexico and the border do not reflect such a situation.

Aside from the Yaqui Indian outbreak with which the Mexican government has been successful and vague rumors of impending revolts, none of which amount to any considerable moment, the Washington government has not been informed of any developments in Mexico foreshadowing any serious uprising.

Intentions are Masked

WASHINGTON, Nov. 18. (AP)—Administration intentions as to Mexican gun-running preparations in Nicaragua remained masked tonight by officials. Pres. Diaz assurance that any means the Washington government might adopt to end hostilities in any Central American country would have his approval was being closely studied and there no evidence that new instructions had been sent to Lawrence Dennis, charge d'affaires in Managua or to Rear Admiral Latimer.

TEMPERATURE IN SEVERAL PLACES SETS LOW MARKS

Texas Points as Well as North and Middle West Report Freezing Weather

CHICAGO, Nov. 18. (AP)—Snow which the biting gales of winter was extending eastward and southward, swept over the Middle West today, breaking records for depth at this early season in some sections, and the forecast carried a prediction of at least 36 hours more of the unseasonable weather.

Meanwhile, in the Atlantic states, except New England, and in the northern Rocky Mountain region, warmer weather prevailed.

The storm, central over Arkansas yesterday, had been driven almost directly northward and today was centered over southwestern Wisconsin. Storm warnings were displayed on the Great Lakes.

Heavy snow fell in parts of Minnesota, Wisconsin, Iowa, Missouri and Illinois, with the heaviest at Moline, where eight inches covered the ground for an all-time record.

Ice at Laredo

LAREDO, Nov. 18. (AP)—Temperatures in the Laredo section fell from 69 to 31 degrees since Wednesday, 5 p.m. with ice and frost in evidence this morning. Fear much damage has been done to track.

YOUTH BREAKS NECK IN FALL FROM SWING

CROCKETT, Nov. 18. (AP)—Elmo Tatum, 11, was instantly killed at Arhott, ten miles southeast of here today when he fell from a swing in the schoolhouse yard, and broke his neck. He was the adopted son of Mr. and Mrs. L. W. Tatum.

New Company Formed

NEW YORK, Nov. 18. (AP)—An important step in the reorganization of the St. Paul railway was completed here today when a new company, to be known as Chicago, Milwaukee and Pacific railroad company, was organized to succeed the present railway, now in receivership.

HOW ROUMANIA

(Continued from Page One)

ed, Marie was forced to pledge herself to refrain from any discussion of politics abroad.

Consequently when, in an interview with the American press, the queen aired the possibilities of Carol's return as crown prince, the government sent its official warning.

But this half-medieval, half-oriental, Balkan capital, with its constant atmosphere of intrigue and censorship trying to hamper the life of the ordinary citizen, is not at all agitated by any aspects of the tour of its lovely ruler.

Nearly everyone is happy about it and this correspondent discovered a popular affection for the whole royal family. King Ferdinand, a sick man from a liver complaint that might take him away at almost any time, goes driving through the streets to meet not bombs, but sincere tributes of good will.

Various rumors spread through Bucharest—such as those to the effect that Marie has been ordered home. These are wasted as contraband over the border, because rigid censorship has been clamped down upon the newspapers, which must not even hint criticism of royalty. One finds that powerful factions support former Crown Prince Carol's desire to return and there is wide discussion of the possibility despite the press censorship.

A high official told me the foreign office was much pleased with the trip's success, which was in all ways beneficial to Roumania. It was hinted that Marie's tour was strictly of a private character, she would naturally discuss finances and even the possibility of a loan when she met J. P. Morgan and other financiers.

"If such conversation should produce practical results, they would be welcome, so there's not the slightest reason for regret from a national viewpoint," said the official.

Roumania's morale, both personal and commercial, are surely what "oriental," so nobody sees anything wrong in the "business-like manner" of the queen in America.

They're used to that sort of thing right at home, for the royal family is said to buy its necessities and luxuries chiefly against certificates issued by concerns capitalizing the advertisement "by special appointment to their majesties."

Prestige means everything to Roumanians, so nothing must be said against the royal family, although stories are to be heard about the loves of Queen Marie.

Really and unmistakably the queen is greatly beloved, especially among the people, who say, "our dear Marie is making a long trip to the United States for our sake, trying to get credit."

The existent state of siege is obviously threatened with confederation, either refrain from criticism or trust the reader's ability to read between the lines. First reports of Marie's reception, distributed by the official radio agency, sounded enthusiastic, but when some newspapers later cited unfavorable American press comment, they were confiscated. Generally, however, the entire press seems solidly behind the crown for nationalistic reasons.

Old King Ferdinand always has been apathetic toward his wife's

dominance, but nevertheless is annoyed over reports from America. I personally saw the king a few days ago in his carriage on the Cales Victorial, clad in a green hunter's coat and hat. The throngs greeted him quietly but sincerely.

Naturally, however, his sickness is causing continual discussion. Carol's prospects, Carol is in Paris, but his most intimate secretary is at Belgrade. In view of national sentiment, except for a few old generals, the entire army favors his return, although this is legally impossible without a constitutional amendment.

Of course Carol could return by a coup d'etat if he were willing to bear the consequences, but all depends on the intentions of his enemy—the real dictator of Roumania, Bratiano. Besides the army, the newly fused party of Agrarians—peasants—and the Transylvanian nationalists favor his return, and this undoubtedly would have had a majority in recent elections if terrorism had not been resorted to by the Agrarian faction.

Charge Invasion Rights
WASHINGTON, Nov. 18. (AP)—A direct accusation that Mexico has invaded the sovereign rights of Nicaragua was injected into Mexican-American relations today by the new Nicaraguan president Adolfo Diaz.

Appealing to the United States for aid, the Central American statesman brought officially before the Washington government for the first time the delicate question of gun running between Mexican shores and the camps of the Nicaraguan revolutionists.

Involved in the problem is an accumulation of evidence pointing to bolshevist influences and hinting at a bolshevist combination which would overlap the southern Mexican border into Central America and toward the Panama canal.

Militarists Win Point

SANTIAGO, Chile, Nov. 18. (AP)—The militarists won their point when the Chilean cabinet acting on the "suggestion" of minister of war Ibanez agreed to resign. It was not a complete victory for the minister of war, however, because the other ministers refused to give up their portfolios unless he did likewise. This he finally decided to do, although with the support of the army it is considered likely that he will hold the balance of power, either directly or indirectly in a new cabinet.

All the ministers except Senor Ibanez signed a joint resignation yesterday and presented it to President Figueroa Larraín. Senor Ibanez signed a separate one.

Rebels Attack Town

BUENOS AIRES, Argentina, Nov. 18. (AP)—Mutinous troops in the Brazilian state of Rio Grande do Sul attacked the town of Santa Maria with airplanes and bombs according to advices received over the border by La Nación. The outcome of the fight is not given.

Rush Troops

MONTEVIDEO, Uruguay, Nov. 18. (AP)—The Brazilian government today was reported to be rushing troops to affected areas in the State of Rio Grande do Sul where revolutionary elements, according to border advices, have clashed with state troops.

A seven-hour battle is reported to have been fought at San Gabriel between state troops and rebellious federal forces, with heavy losses on both sides.

The Uruguayan government is strengthening its border patrol to prevent violation of Uruguayan territory.

Plan to Act On Dallas Gas Case

DALLAS, Nov. 18. (AP)—The city of Dallas is planning immediate steps to sell the Dallas Gas company under a clause in its franchise which specified that after the franchise had been in existence ten years the city if it desires may take over the company and sell it to others.

The franchise was granted in 1917. The city is required to give six months' notice to the gas company and City Attorney James J. Collins today started preparation of the notice. This will give the city five months in which to have the property's valuation taken by experts and to negotiate the sale.

Several large concerns are said to be willing to buy the property and would give the city assurance they would operate in full harmony with the city government.

19 Texas Club Boys Win Free Trip

COLLEGE STATION, Nov. 18.—Nineteen agricultural club boys of Texas have been selected as winners of a free trip to the International Livestock Exposition in Chicago November 27 to December 5, given by the Santa Fe railroad, according to Sterling C. Evans, state club leader of the Extension Service, A. & M. College of Texas. This trip includes all expenses, of railroad fare, maintenance, etc. A total of sixty-two trips were offered and nineteen were won by Texas boys.

Fire Investment Fundamentals

On page 92 of the November 13, 1926 issue of the Literary Digest under "Investments and Finance," taken from "Investment and Financial Review" by Toombs and Lally Company of Chicago, was shown the five principal points to be considered before making an investment. These five points are as follows:

- First—Security of principal.
 - Second—Rate of income.
 - Third—Marketability.
 - Fourth—Stability.
 - Fifth—Prospect of appreciation.
- These five points so thoroughly describe the investment feature of a Building and Loan account that we describe ours as follows:

Security of Principal
It is sufficient to say that Building and Loan has overwhelming evidence in favor of point number one where Building and Loan associations loan their funds solely on first mortgages on homes, reduced monthly, insured in fire and tornado.

Rate of Income
It is a matter of common knowledge that no institution over a period of years offers the investor more average return consistent with safety as the Building and Loan Association.

Marketability
It is also a matter of common knowledge that Building and Loan accounts may be withdrawn on thirty days notice, notwithstanding that most Building and Loan associations pay "Certificates" when presented with the Pass Book.

Stability
It is also common knowledge that Building and Loan accounts do not fluctuate but the investment remains constant like a deposit.

Prospect of Appreciation
The compounded dividends assure appreciation of the account as it becomes larger and larger through these dividends.

If the investor will keep these five points in mind when investing their funds, while they will not receive any large dividends the total sum over a period of years multiplies rapidly and the investment will prove itself.

Our Association is the only local mutual Building and Loan Association in Lamar county and is under supervision of the Insurance Department of the State of Texas. There is no need to send your money out of town when seeking a safe investment.

The Paris Building and Loan Association will pay its tenth consecutive semi-annual dividend December 31st. We have never paid less than 5 per cent per annum compounded semi-annually on our regular membership fee shares. All other shares earn 6 per cent per annum compounded semi-annually.

When you invest your funds in The Paris Building and Loan Association you are doing more than merely saving money—you are assisting in building someone a new home which is bound to reflect general prosperity to our own community.

STATE TEACHERS ARE TO MEET AT EL PASO

FORT WORTH, Nov. 18. (AP)—A fight is looming between several Texas cities for entertainment of the 1927 convention of the Texas State Teachers' association, which meets this year at El Paso, November 25, 26 and 27.

State headquarters here has been informed that San Antonio and Amarillo probably will be the strongest contenders for next year's meeting site, in view of strong bids being issued by chambers of commerce and teachers' organizations of those cities.

Galveston, which last year tried hard for the 1926 meeting, is expected to go after the 1927 session with renewed energy, also Fort Worth, Dallas, Waco and Houston will all extend invitations.

The teacher's association is in its 49th year and has developed to cover its conventions the hotel facilities of any Texas city. Its general sessions demand an auditorium of near 5,000 capacity. It is a popular convention, since it is of practically no expense to the entertaining city and since its attendants are in "so part prospective fall shoppers."

GOLDEN BEARS HAVE TOUGH CAMPAIGNING

BERKELEY, Calif., Nov. 18.—University of California, for five straight seasons rated one of the outstanding eleven in the country, is campaigning this fall.

The Golden Bears, after winning their first two games, did a complete flip-flop, dropping the next five in a row. Even little St. Mary's, which had been wallowed annually for years, succeeded in whipping the Price aggregation.

California's big game is with Stanford here Nov. 29. A victory over Warner's proteges would help to stone for the other defeats. A Stanford demise is quite remote however.

SOUTH POLAR FLIGHT IS TO BE POSTPONED

BUENOS AIRES, Nov. 18. (AP)—The proposed south polar aerial expedition, headed by Senor Paulsen, a noted engineer, has been postponed. The expedition was to have departed from Buenos Aires Nov. 25. The postponement was announced when it was ascertained that the airplane Atlantic, which is to be used during part of the voyage, would not be available on the date originally set for the start.

Dr. Luthen, the former German chancellor, who is touring South America, will fly in the Atlantic to Brazil this week and the machine is not expected to return to Buenos Aires for forty days.

Lowest at Wichita Falls
WICHITA FALLS, Nov. 18. (AP)—A clear cold which swept south western Oklahoma and northwest Texas Wednesday night brought the lowest temperature of the season. The mercury in Wichita Falls dropped to 28 degrees during the night and at 3 o'clock Thursday morning had risen to only 28 degrees.

Reports of low temperature in Oklahoma ranged from a minimum of 12 degrees at Forten to 28 near the southern boundary.

Houston Near Freezing
HOUSTON, Nov. 18. (AP)—The temperature was only five degrees above freezing in Houston Wednesday night. It reached 37, the lowest this fall, three degrees colder than the previous low, 40 on November 11.

WHISKEY SIPHONED BY HOSE IN GOTHAM HOUSE

NEW YORK, Nov. 18. (AP)—Two apartments, one above the other, raided early today in an uptown building were found to be connected by a rubber hose through which liquor was siphoned from a distillery on the upper floor to be dispensed in the lower apartment.

Joseph Bell, tenant of both apartments, and Thomas Cotton, negro assistant, were arrested, and charged with violating the Volstead act.

A home-made bellows to blow fumes from a 100 gallon still out of the upper apartment was unsuccessful, prohibition agents said, and tenants complained of the odor.

PROTEST IS MADE ON RAPID RISE OF FRANC

LILLE, France, Nov. 18. (AP)—Speedy stabilization of the franc is necessary of the ruin of French industry is to be avoided. Louis Loucheur, former minister of finance and one of the country's leading economic authorities, declared in an address here today.

A delegation of the manufacturers of this region recently went to Paris to protest to President Poincare against the rapid rise of the franc.

To Continue Fight

WASHINGTON, Nov. 18. (AP)—At the request of the treasury, the department of justice has decided to continue its court fight to collect \$1,841,912 taxes from the estate of late widow of Russell Sage, American financier who died 20 years ago. The court held that the estate, which had been left to lower charitable and educational institutions, was exempt from taxation under the revenue law.

PIMPLES GO SKIN CLEARS—EASY WAY

Kellogg's ALL-BRAN brings quick, permanent relief from constipation

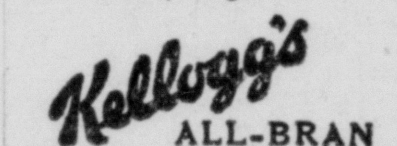

Constipation leaves its marks upon the face. Its terrible poisons, which lead to over forty serious diseases, cause pimples, hollow cheeks, sallow skin, circles under the eyes, poor circulation, cold hands and feet. It causes unpleasant breath too.

Rid your body of this frightful disease. Kellogg's ALL-BRAN has brought health to thousands when all else has failed. The reason—it is ALL BRAN—100% bran! That is why doctors recommend it. It takes ALL-BRAN to be wholly effective.

Try it! If eaten regularly, Kellogg's ALL-BRAN is guaranteed to relieve the most stubborn cases or your grocer returns the purchase price.

Eat two tablespoonfuls daily—in chronic cases, with every meal. You will like its nut-like flavor. Try the recipes on every package. Sprinkle it over other cereals.

Kellogg's ALL-BRAN is made by Kellogg in Battle Creek, Michigan, and served by leading restaurants. Sold by all grocers.

CHRISTIANS ADJOURN MEMPHIS CONVENTION

MEMPHIS, Tenn., Nov. 18. (AP)—The international convention of Disciples of Christ today stood adjourned to meet again in May, 1928 under the presidency of E. S. Jettett, of Louisville, Ky., and on record in approval of the actions of the United Christian Missionary Society in the Orient—one of the major points of difference brought to the floor of the convention by the delegates.

Resolutions accepted at the final session of the convention last night endorsed the report of the commission to the Orient, which brought a spirited floor debate on the question of "modernism," the commission finding against the contention of a dissident faction which charged that "open membership" was being sanctioned in mission fields.

New Invention Saves Millions

A Lamp that Burns 94% Air

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 25 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean safe. Burns 90 per cent air and six per cent common kerosene (coal oil).

The inventor, J. T. Johnson, 699 W. Lake St., Chicago, is offering to send a lamp on 10 day's FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.—Adv.

LIONS BURY GUS GLOOM THURSDAY

Last Rites for Patron Saint of Pessimism Held at Regular Luncheon

The spirit of Old Gus Gloom was held to rest with fitting ceremonies at the Lions Club regular program Thursday, at the Gibraltar. Dick Roach, representing Gus Gloom, made an unusually pessimistic speech, announcing that conditions were much worse than anyone had foreseen and that the country was going to the bow-wows at a rapid rate. Mr. Roach's speech was cut short by a call from the lobby of the hotel, a few seconds later, a shot was heard and Wiley Fleetwood was summoned to the lobby. He returned with a casket said to contain the remains of the late Mr. Gloom.

J. C. Hathaway conducted the funeral services, stating that he had known the deceased for many years and now that he could be safely buried, there should be no further trouble from him. Mr. Hathaway's view of the future was most optimistic. He pointed out the many blessings enjoyed every day. He declared that there is little cause for complaint and that the present situation is largely a psychological one.

The program was pronounced a most interesting one, coming as it did in the nature of a surprise for the entire club, and every Lion present stated that it was the most enjoyable funeral he had ever attended.

NURSES HOLD BENEFIT AFFAIR FOR YEARBOOK

The Salmagundi festival held by the Nursing school of the Sanitarium of Paris drew an unusually large attendance on Wednesday evening, and the receipts from the various attractions brought a considerable sum for the benefit of the second number of the training school annual.

The picture showed local motion picture scenes of the nurses and doctors about the sanitarium grounds, with views of an operation. In the Paris studio, Claude Edwin Reed sketched the various callers from life, and in the baby contest, 29 pictures of now prominent citizens, photographed in their infancy were voted upon, with Dr. Owen O'Neill, Bob Murphy, Ben Van Gundy, and Misses Hogg and Kennedy of the sanitarium staff receiving the most votes.

The refreshment booths and candy table were sold out, a number of donations being made in addition to liberal purchases, for both of which the nurses are very grateful.

Red Cross Appeal is Made Locally

The house to house canvass for Red Cross memberships and contributions is now under way, and an urgent appeal is made by the local chapter for a full response to the call.

Demands for aid and service of many kinds are being made daily at the local office, and the need for funds to carry on the work is constantly growing. It is pointed out that the budget for the coming year is a modest one, but will need the full co-operation of the city and county in putting it over, and the increasing demands made on the local office by ex-service men necessitate the continuation of its work.

'ABIE'S IRISH ROSE' HAS HAD SENSATIONAL RUN

That "Abie's Irish Rose" is one of the most popular plays the world has ever known is indicated by the following run records which Miss Abie Nichols' famous comedy has achieved in various large cities of the United States: and will be the attraction at the Grand Theatre Nov. 27. The "Abie's Irish Rose" has broken records all over the American continent. These are some of the records: New York City, five years and 11 running shows; Detroit, 28 weeks; Chicago, 33; Pittsburgh, 29; Los Angeles, 32; Cleveland, 28; Kansas City, 13; Cincinnati, 13; St. Louis, 12; Atlanta, 8; Birmingham, 6; Dallas, 1 week; and Houston 2 weeks.

Last but not least at Erie, Pa., a poor one night stand, where Abie played for three weeks to packed audiences and received the thanks of the mayor and town council for putting the town on the theatrical map, the advances were:

We Couldn't Resist It

Keeping store brings one a lot of fun occasionally. Here's an incident that made the day almost perfect for us. Early in the morning, Wednesday, a lady entered the store with her husband. She walked back to the Ready-to-wear Department. But he stopped up front and asked to see the coat that was in the window. We got it for him, he walked back to the Ready-to-wear Department and slipped it on his wife. He bought the coat and we don't blame him, so would we, had it been our wife. They looked so happy as they left together that Wednesday was made just a little better for all of us.

Paris Hi Wildcats Play Last Home Game Friday Afternoon

MEET COMMERCE TIGERS ELEVEN

Hard Battle Expected of Both Teams on Wise Field at Three

The Paris High School Wildcats and the Commerce Tigers will clash on Wise Field at 3 o'clock Friday afternoon in the last home game of the season for the local aggregation.

Pep meetings were held both at noon and in the afternoon Thursday and another rally is slated for today at the high school. Spirit is running high and the Wildcats are ready to battle for a victory as their closing mark at home.

Two other games are scheduled one at Denton on Thanksgiving day and at Clarksville December 1.

Staples, captain and guard, will probably be out, although he insists he is able to play. His absence would leave a yawning gap in the forward wall hard to fill.

Have New Player

McLaffie, recently returned here from Dallas, will more than likely get a chance to go in. He served as quarter last season.

Several of the other men are slightly injured but will play for lack of capable subs. The two teams are pretty evenly matched although Commerce is hoped slightly ahead of the Wildcats.

Commerce beat Honey Grove who in turn defeated the Wildcats and this ranks in the Wildcat camp. Sulphur Springs and Greenville have defeated both eleven.

All in all, the Paris phalanx should be hard to stop this afternoon, and the local fans who are planning to attend the game will be assured of a great game.

Denton Pointing to Paris Special to The News.

DENTON, Tex., Nov. 18.—The next interscholastic League game of the Denton High School Yellow Jackets will be played here against the high school team of Paris.

Denton and Paris have received the rough end of most of the games in which they have participated, judging from the scores. Denton lost games against Sulphur Springs and Greenville by small scores and in each game scored two touchdowns—enough to win had they not been ruled "no plays" on account of technicalities.

The game Thanksgiving is expected to be interesting, as it is likely that it will determine which team will hold the cellar position.

Paris 7, Commerce 6. Germany will be a bidder for honors in the Olympics. That's the announcement made after the meeting of the American Olympic Association, at which huge preparations for the coming event were made.

Lawson Robertson, Pennsylvania C. coach, is authority for the statement. He had been to Germany recently and looked over the situation. He believes the Germans will be stronger opponents than the Flins.

The A. A. U. gained a complete victory at the meeting when they put in William C. Prout as president. The whole conference was stormy and a number of important matters were decided.

Damon Runyon seems to be impressed with the work of "Brumie Jimmy" Maloney as a fighter. He says he is a contender and not a mere prospect for the heavy-weight championship.

It looks like Dynamite and Jack Sharkey will get together before long. And Jack is a good, a pretty doggone good, fighter, despite some of his not exactly winning ways.

A conflict between the dates of the American and British opens is said to be looming, following the meeting of the United States Golf Association. A conflict between the two would prevent a repetition of the feat of last year, when Bobby Jones won both meets.

Willie Knapp, who went up in 1901 for the first time will train yearlings at New Orleans this season. Willie once was a sure fire name on the track.

From 1901 to 1919, Knapp was one of the greatest riders in the game. He lost his first four races but won the fifth and pretty nearly every one since then. His first winner was Give All, running at Wortham, near Chicago, paying \$25 to \$1. That race started a great jockey on his way to fame.

His greatest year was in 1904 when he came second to Dave Nikolai for the jockey title, winning 186 races to 221 for Nikolai.

Stuffed McNelis, who is one of the six new horses next year, says he don't promise a championship team, but that the Phils will be in the thick of the fight.

Attention this week is turning to the Big Ten as giving the feature games. Both Michigan and Northwestern are on the inside track and going good. They don't meet. But Michigan plays Minnesota this week and Northwestern clashes with Iowa.

Michigan may win but will have to fight hard. Northwestern will have an easy time with Iowa, according to the dope. There is little doubt that Michigan is better than Northwestern, but the Wolverines may not get a championship. Anyway, it should be a good four cornered battle Saturday.

Off Baylor for life. That's us. For the second time we picked them. For the second time we were wrong. This time they lost to St. Edwards, a middling fair T. I. A. A. eleven.

We picked Howard Payne to win. They lost to Texas Tech. Amis was evidently holding back for the Simmons game next week. The Yellow Jackets are also handicapped by injuries. But they should have won the game, anyway. Last year they were the first team to beat Tech, and the only. This year Tech has been beaten only by T. C. U.

We had better luck on the Austin and Trinity games. Austin won 13-0 as against a prediction of 7-0 while Trinity was victorious 7-0 against our dope of 14-3.

TEXAS ELEVEN IS RECONSTRUCTED

Longhorn and Aggie Game Looms as Big Feature on Turkey Day

AUSTIN, Nov. 18.—A reconstructed Texas team will probably take the field against the Texas Aggies at Austin Thursday, when the two classic rivals meet on the gridiron for their annual game. Injuries over the past two weeks has seriously hurt Texas' possible chances to win the game Thursday.

Pottle McCullough, Rocky Rundell, Rosey Stalter, and Ox Huggins may be out of the Thanksgiving game. The first three are practically certain to be out, but the latter one, Huggins will possibly be in shape to play the game. McCullough, the first string Texas center was injured over two weeks ago, and has been unable to don his uniform since. He did not play against either Baylor or Southwestern in the last two games that Texas played.

Rocky Rundell, the other Texas center, went out with a broken bone in scrimmage Monday, and is almost certain to be out of the last game that he will be eligible to compete in collegiate athletics. Stalter was another casualty from Monday's scrimmage, when he went out with a injured knee before the onslaughts of three vicious Texas Freshmen that were pitted against him. He is also one of those that will sit on the sidelines for his last game.

Injuries will cause Doc Stewart to have to reconstruct his entire team. The line will have to be changed with Red Wray shifted in to center position from guard. Wray was a center on Clyde Littlefield's Freshman team last year. In Wray's guard, Tinner a first year man will probably be used.

Bill Ford, who has returned to the Texas team following the serious injury of his younger brother in a Dallas high school game will be used in one of the halfback positions, with either Jimmie Boyles or Tommie Hughes, two promising first year men at the other half back.

WACO, Nov. 18. (AP)—St. Edwards university of Austin defeated the Baylor university Bears 12-0 here today on the Cotton Palace gridiron. Baylor started a lineup composed almost entirely of second string men and through both halves the Bears' touchdowns were made off these players, first string men sent in for the last three quarters were unable to overtake the lead.

Valley Elevens Point to Hard Games Saturday

Norman, Okla., Nov. 18. (AP)—Crippled reserves as well as injured regulars may force Coach Ben Owen to send most of his variety into the game with St. Louis University here Saturday. Previous plans had called for substitutes to start against St. Louis to avoid injuries to regulars for the Thanksgiving day game against the undefeated Oklahoma Aggies. Captain Polly Wallace is still on the hospital list, but hopes to lead his team against the Aggies.

Henry Trains Team COLUMBIA, Nov. 18. (AP)—Hard and conscientious work on perfecting a successful defense of the Jayhawk's style of play and a determined effort to improve their own offense, was the plan of Coach Gwynn Henry today as his squad of Tigers took the practice field in preparation for the annual Missouri-Kansas homecoming day gridiron classic here Saturday. Considerable time also was to be spent in improving the performance of several goal kickers, a weak point of the Missouri team in its game with Washington University last week.

Won't Stay Out DALLAS, Nov. 18.—Chris Cortomiegua, who received a shoulder injury in the Baylor game, can't be kept off the S. M. U. practice field, even though he is not allowed to suit up. "I've just got to get in that T. C. U. game Thanksgiving. You know it's my last go round with the Ponies," says Chris as he walked the side line in "civies", with one of his massive shoulders drooping a bit.

Play at Chicago Chicago and Pennsylvania will meet on the football field in 1927 and 1928. It is quite probable both games will be played at Chicago. For the last two seasons the Maroons have journeyed to the Quakers' lair, as a pair of Penn. jaunts to the Windy City looks certain.

Big Intersectional Clash One of the biggest intersectional grid games of the season will be that between Notre Dame and Southern California, which will be played at Los Angeles Dec. 4.

Beneficiary and Banker

Endorse Home Benefit

Paris, Texas,
October 2nd, 1926.

Mr. W. C. Francis, Sec. Treas.
Home Benefit Association.
"A Local Mutual Aid"
Paris, Texas.

Dear Sir:—

Allow me to thank you for the
most extraordinary service you
rendered in the payment of your
Group No. 3 Policy for \$1,500.00
upon the life of my deceased hus-
band, Mr. W. H. Turner. You de-
posited this \$1,500.00 in the bank
to my credit before Mr. Turner
was buried.

Mr. Turner carried several
other policies with companies in
other states and their claims will
no doubt be paid within the course
of time but your depositing this
money to my credit before the fu-
neral without any notice from me,
and without having me to sign any
papers, showed unusually good
service in the payment of claims. I
think that every person should
carry a Home Benefit Policy on
account of the quickness in paying
claims, especially so as your in-
surance only costs around \$19.00
per year, per thousand.

I hope that I may be the means
of encouraging more people to
protect their homes. I am glad to
allow you to use this letter in any
way it will serve the above pur-
pose, and again thanking you, I
remain,

Yours truly,
Mrs. W. H. Turner.

(Signed) Mrs. W. H. Turner.
Wife and Beneficiary.

PARIS, TEXAS,
September 30th, 1926.

Mr. W. C. Francis, Sec. Treas.
Home Benefit Association.
"A Local Mutual Aid"
Paris, Texas.

Dear Sir:—

This will acknowledge receipt of
\$1,500.00, received from you to be
placed to the credit of Mrs. Jesse
Turner. Mr. Turner has not been
buried, yet this money is at the dis-
posal of Mrs. Turner at this time.

During many experiences in the
banking business I have handled
a number of death claims but I
have no hesitancy in saying that
this is the quickest payment of a
death claim that I have ever
handled.

You are to be commended upon
this most unusual service given in
payment of death claims and upon
the unusually low cost of your in-
surance policies.

Wishing you much success, I re-
main,

Yours truly,
MORRIS FLEMING.

SAINT and SINNER

Annie Austin

1926 by NEA SERVICE

CHAPTER LIII

"I see that you pumble," Cherry's

cries, sarcastic voice answered the

gripping question in Faith's eyes.

"Your little blue-eyed boy friend

Bob Hathaway, in person."

Faith shielded her eyes with a

trembling hand. Oh, it couldn't be

Bob who would stoop so low as to

blackmail a girl! Not Bob—her

boy!

"You look pretty sick, Faith. Can't

I get you a drink of water or

something?" Bill Warren's

voice came to her dimly through

the waves of nausea that poured

over her.

"No," she shook her head. "Go

on, Cherry. What else? How did

you happen to see so much?"

"I wish I hadn't told you a

word," Cherry whispered, cover-

ing against Bill Warren like a

child seeking comfort. "As I was

telling you, Cherry and I danced

until I was so hot that I went

him to take me out on the veranda.

We noticed as we passed by our

table to get my handbag that

Handsome Harry, the sleuth, had

disappeared. Well, we went out

on the veranda, and stood leaning

against one of those rough log

posts—not talking, just—just look-

ing at the moon."

She flushed under the gaze of

Faith's accusing, pain-filled brown

eyes. Faith had a sudden picture

of that scene as it must have been

enacted.

"Yes," she whispered, as Cherry

paused.

"Well, then someone bumped his

head right under our feet. You

know the veranda there is not

quite high enough from the ground

for a man to stand up under it.

We heard someone say 'damn' I

recognized Bob Hathaway's voice

instantly. So did Chris. We kept

real still for a minute, then Chris

laughed over the bannister and

dropped to the ground. It isn't

enclosed under the veranda, you

know, and he saw Bob and this

Han Harry talking together. The

sleuth was giving him a piece of

paper.

"When Bob saw Chris he pock-

eted the scrap of paper and said

'Hello, Wiley!' as cool as a cucum-

ber. Chris answered him, and then

came back up on the veranda by

way of the steps. We beat it then

and by the time we were a quar-

ter of a mile from the cabin,

Handsome Harry's driver was

rattling along behind us."

"When did you join Bill?" Faith

asked in a flat, dull voice.

"Oh, don't spoil this story by

beating me to my climax," Cherry

laughed. "Like a little fool, I'd

told Chris all about the anonym-

ous letters, and he got it into his

head that the only thing for us to

do was to elope tonight. He's still

got that marriage license parked in

his vest pocket—"

"Marriage license?" Faith echoed,

staring at Cherry in bewilderment.

"Oh, sure, he took out a mar-

riage license about two months ago,

over in Marlboro county, where

he's got a cousin in the license

bureau, who promised Chris not to

record it until he gave the word.

He's always flashing it on me, like

he did tonight. He can't get it

through his head that I'm going to

marry Mr. Cluny, and—well, he

tried to abduct me. Stepped on

the gas and lost Handsome Harry

in about two minutes, then burnt

up the road toward Marlboro.

Imagine it! Me trying to grab the

wheel away from him, and sell-

ing my head off, not when any

car was close to us, you under-

stand, but just to scare him and

make him behave. If he hadn't

turned the car over on that hair-

pin curve—"

"Turned the car over?" Faith

asked. "Oh, darling, were you

hurt?"

"Gee, you're a riot, Faith! A

GARNER ASKS FOR LASTING TAX CUT

Republicans Lose Hope on Account of Democratic Opposition

WASHINGTON, Nov. 18. (P)—The seemingly unalterable opposition of leading Democratic tax experts to the administration's proposal for a tax credit on next year's income tax payments served today to impress Republican leaders with a certain sense of hopelessness for the program.

"Permanent tax reduction of nothing," was the ultimatum delivered by Representative Garner, Democrat of Texas, ranking minority member of the House Ways and Means Committee, through which all fiscal legislation must pass. With general Democratic antagonism such as this, prospects of putting it through in the brief short session to begin December 6.

One optimistic note was sounded, however, by Chairman Madden, of the House Appropriations Committee, who said he approved Secretary Mellon's suggestion that the proposed credit should be raised from 12 1/2 per cent and that he saw no reason why the refund could not be made applicable to payments due next March.

NEW YORK, Nov. 18. (P)—The cotton market showed renewed steadiness early today on continued buying movement promoted by talk of unfavorable weather for picking and ginning in the South, steady Liverpool cables, encouraging reports from the cotton goods trade at Lancashire and reiterated claims of steadiness in the southwest spot markets.

There was some southern hedge selling, but it seemed to be just about offset by trade buying.

The market was a shade easier after the early demand had been supplied. Private advices reported a continued spot basis in the south for cotton grading strict low middling and above, but the market here appeared to be influenced by an easier tone in New Orleans and a disposition to take profits following recent advances.

Less favorable reports from the British coal strike led to some liquidation early in the afternoon. A little southern selling also was

reported, but offerings were not heavy and prices steadied up again. Private advices placed the indicated crop at 17,875,000 bales.

NEW ORLEANS, Nov. 18. (P)—The cotton market opened steady here today with first trades showing no change to 1 point up. Constructive sentiment is held in check by fears of liquidation of December in advance of the first notice day and the approach of another government report.

The market turned easy later in the morning on a private estimate of the crop of 17,475,000 bales and estimated ginnings for November 14 of 13,300,000 bales, an increase for the last period over last year of practically one million bales.

The market continued steady during the afternoon with prices keeping within the earlier range. A rumor that the British strikers had voted to reject the government proposal failed to influence the market.

FT. WORTH LIVESTOCK

FT. WORTH, Nov. 18. (P)—With the exception of calves and fed steers all cattle values were generally steady. Hogs showed loss.

Slaughter steers, scarce as previously this week. Good fat cattle cleared at \$7.00, these looking 15c to a quarter lower.

She stock while moving rather slowly made a general trend of steady sales. Cows 4.25-75; Cutters 3.50-4.00.

Young slaughter stock scarce, hardly enough to put a quotation in force. Calves took a downturn. Heavy calves made \$7.75 for a shipment and a small bunch lights \$7.50.

Hogs took a reduction of 10 to 15c. Five cars selling at \$12, the day's top. Pigs steady at \$12. Sows a quarter lower \$11.

CHICAGO GRAIN

Big export buying of North American wheat, about 2,500,000 bushels did a good deal to lift wheat prices today, but selling increased on the advance, and reactions ensued.

Wheat closed unsettled 5-8c to 1 1/2c net higher, corn 3/4c to 1/2c up, oats unchanged to 1-4c advance.

Cash wheat No. 2 hard 1.35 1-4; No. 2 mixed 1.37 1-4; corn No. 2 mixed 73; No. 2 yellow 74 1/2; No. 2 white 45 to 45 1/2; No. 3 white 44 1/2 to 45 1-4.

SUPREME COURT MUST PASS ON AIR FREEDOM

CHICAGO, Nov. 18. (P)—Ownership of the air and the right to have lengths for broadcasting must be passed upon by the supreme court. Circuit Judge Francis Wilson decided today.

Ruling in favor of the contention of WGN, Chicago Tribune station, which sought to enjoin station WGES from broadcasting on a wave length within 12 meters of the location of WGN because of interstation interference, the court modified its decree to permit WGES to continue the use of its present wave length. WGN operates on 302.8 meters and WGES on 315 meters. WGES formerly used 250 meters and divided time with another station.

King's Daughters Sponsor Benefit

The King's Daughters annual benefit picture show and special program at the Grand Theatre Thursday was very well attended and while indications last night were that the receipts would not be so large as hoped for a very comfortable sum was realized.

The Grand theatre orchestra played for the picture, "Subway Sadie" and local artists assisted with the afternoon and evening specialties.

Mrs. Frank Fuller's delightful solos in the afternoon and Miss Hazel Hilliard's graceful dance numbers were very much enjoyed as were the selections at night, which included harmonized arrangements by the Lions club trio and other dances by Miss Hilliard and a clever playlet by Misses Virginia Baxter and Virginia Alexander.

The King's Daughters express gratitude for the patronage given them on this occasion, as the social service work of the organization has some very pressing needs which the receipts will aid.

Fresh OIL
Every 500 MILES

Means LONG LIFE for Your Motor

Every manufacturer of automobiles stresses the need for frequent changing of the motor oil in the crank case.

Even the best oil suffers from "Crankcase dilution", and should be periodically replaced with fresh oil. Experience has shown that draining and flushing the crank case and refilling it with high-grade motor oil of the right consistency, every 500 miles, pays handsome dividends in better motor performance, fewer repair bills and part replacements, and longer service life for the motor.

There is a Humble Dealer near you. Let him drain and refill your crank case with Humble Motor Oil, regularly—every 500 miles.

BELIEVE LONE MAN ON WAY ACROSS SEA LOST

NAPLES, Italy, Nov. 18. (P)—Captain Terezio Fava, legless war veteran who left Torre Del Greco, near here May 3 in this cutter "Stella Maris" to make a single-handed trip to New York is believed to have been lost at sea.

Forty-five days after the start, Fava touched at Gibraltar and later several ships sighted him on the high seas. Finally, ten weeks ago, the liner Bullo hailed him about 200 miles off New York. That was the last seen of him.

When he left, Fava carried supplies for about four months. The Italian government has ordered all ships to watch for him when in the vicinity of the north Atlantic coast.
